SSC CHSL Exam Preparation

Complete study material, practice tests, and expert guidance for SSC CHSL examination. Access structured learning paths and track your progress.

SSC CHSL Syllabus 2026

The SSC CHSL Syllabus 2026 is prescribed by the Staff Selection Commission (SSC) for candidates appearing in the Combined Higher Secondary Level (CHSL) Examination. The syllabus is divided into Tier 1 and Tier 2, covering subjects such as English Language, General Intelligence & Reasoning, Quantitative Aptitude, General Awareness, Mathematical Abilities, Computer Knowledge, and the Skill Test/Typing Test.

A thorough understanding of the latest SSC CHSL syllabus helps candidates prepare strategically, prioritize important topics, and improve their chances of qualifying every stage of the examination. Along with the syllabus, candidates should also understand the latest exam pattern, marking scheme, and time allocation before beginning their preparation.

SSC CHSL 2026 Syllabus – Quick Highlights

- ✓ Selection Process: Tier 1, Tier 2 & Skill/Typing Test
- ✓ Tier 1 Subjects: English, Reasoning, Quantitative Aptitude & General Awareness
- ✓ Tier 2 Subjects: Maths, Reasoning, English, General Awareness & Computer Knowledge
- ✓ Exam Mode: Computer-Based Test (CBT)
- ✓ Negative Marking: Applicable in Tier 1 & Tier 2

SSC CHSL Syllabus 2026 Overview

EXAM NAME	SSC COMBINED HIGHER SECONDARY LEVEL (CHSL) 2026
Conducting Authority	Staff Selection Commission (SSC)
Selection Process	Tier 1, Tier 2, Skill Test / Typing Test
Mode of Examination	Computer-Based Test (Online)
Tier 1 Subjects	English Language, General Intelligence & Reasoning, Quantitative Aptitude, General Awareness
Tier 2 Subjects	Mathematical Abilities, Reasoning & General Intelligence, English Language, General Awareness, Computer Knowledge
Total Questions	Tier 1: 100 QuestionsTier 2: 135 Questions
Total Marks	Tier 1: 200 MarksTier 2: 405 Marks
Exam Duration	Tier 1: 60 MinutesTier 2: 2 Hours 15 Minutes (excluding Skill/Typing Test)
Negative Marking	Tier 1: 0.50 MarkTier 2: 1 Mark (Applicable Sections)

SSC CHSL Syllabus PDF Download

The SSC CHSL Syllabus PDF contains the latest subject-wise topics prescribed by the Staff Selection Commission for both Tier 1 and Tier 2 examinations. Candidates should download the syllabus PDF before starting their preparation so that they can create an effective study plan and avoid spending time on topics that are not part of the examination.

Download the latest SSC CHSL Tier 1 & Tier 2 Syllabus PDF after the official notification is released.

SSC CHSL Tier 1 Exam Pattern 2026

The SSC CHSL Tier 1 Examination is the first stage of the recruitment process and is conducted in Computer-Based Test (CBT) mode. The paper consists of 100 objective-type questions carrying a total of 200 marks. Each section carries equal weightage, making it essential for candidates to prepare all subjects equally.

SECTION	SUBJECT	QUESTIONS	MARKS	DURATION
A	General Intelligence & Reasoning	25	50	60 Minutes
B	General Awareness	25	50	
C	Quantitative Aptitude	25	50	
D	English Language & Comprehension	25	50	
Total	100	200		

Tier 1 Highlights

- ✓ Computer-Based Objective Examination.
- ✓ Four Sections carrying equal weightage.
- ✓ 100 Questions for 200 Marks.
- ✓ Total Duration: 60 Minutes.
- ✓ Negative Marking: 0.50 Mark for every incorrect answer.

Note: As per recent SSC examination patterns, each section may have an individual sectional timing. Candidates should refer to the official SSC CHSL 2026 Notification for the final examination scheme.

SSC CHSL Tier 2 Exam Pattern 2026

The Tier 2 Examination is the most important stage of the SSC CHSL selection process. The final merit list is prepared primarily on the basis of candidates' performance in Tier 2, subject to qualifying the prescribed Skill Test or Typing Test.

Tier 2 consists of multiple sections covering Mathematics, Reasoning, English Language, General Awareness, Computer Knowledge, and Skill/Typing Test.

SESSION	SECTION / MODULE	SUBJECT	QUESTIONS	MARKS	DURATION
Session I	Section I (Module I)	Mathematical Abilities	30	90	1 Hour
Section I (Module II)	Reasoning & General Intelligence	30	90		
Section I Total	60	180			
Session I	Section II (Module I)	English Language & Comprehension	40	120	1 Hour
Section II (Module II)	General Awareness	20	60		
Section II Total	60	180			
Session I	Section III (Module I)	Computer Knowledge Test	15	45	15 Minutes
Session I Total	135	405	2 Hours 15 Minutes		

SSC CHSL Tier 2 Skill Test / Typing Test (Session II)

Candidates qualifying the written examination are required to appear for the Skill Test or Typing Test based on the post applied for. This stage is qualifying in nature but mandatory for final selection.

SESSION	PART	TEST	DURATION	NATURE
Session II	Part A	Skill Test for DEOs (Specified Departments)	15 Minutes	Qualifying
Part B	Skill Test for DEOs (Other Departments)	15 Minutes	Qualifying	
Part C	Typing Test for LDC / JSA	10 Minutes	Qualifying	

Preparation Strategy

Before starting your preparation, thoroughly understand the latest SSC CHSL syllabus and exam pattern. Prepare a subject-wise study plan, focus on high-weightage topics, practice previous year question papers, and attempt regular mock tests to improve both speed and accuracy.

Session I	Section III (Module I)	Computer Knowledge Test	15	45	15 Minutes
Session I Total	135	405	2 Hours 15 Minutes		

SSC CHSL Tier 2 Skill Test / Typing Test (Session II)

Candidates qualifying the written examination are required to appear for the Skill Test or Typing Test based on the post applied for. This stage is qualifying in nature but mandatory for final selection.

SESSION	PART	TEST	DURATION	NATURE
Session II	Part A	Skill Test for DEOs (Specified Departments)	15 Minutes	Qualifying
Part B	Skill Test for DEOs (Other Departments)	15 Minutes	Qualifying	
Part C	Typing Test for LDC / JSA	10 Minutes	Qualifying	

Preparation Strategy

Before starting your preparation, thoroughly understand the latest SSC CHSL syllabus and exam pattern. Prepare a subject-wise study plan, focus on high-weightage topics, practice previous year question papers, and attempt regular mock tests to improve both speed and accuracy.

SSC CHSL Tier 1 Syllabus

SSC CHSL Tier 1 Syllabus (Subject-wise)

The SSC CHSL Tier 1 Syllabus 2026 is designed to evaluate a candidate's logical reasoning ability, quantitative aptitude, English language proficiency, and general awareness. Since each subject carries equal weightage, candidates should prepare all four sections thoroughly to maximize their score in the Computer-Based Examination.

The Tier 1 examination consists of four subjects:

- General Intelligence & Reasoning
- English Language & Comprehension
- Quantitative Aptitude
- General Awareness

SSC CHSL Tier 1 – Quick Overview

- ✓ Total Subjects: 4
- ✓ Total Questions: 100
- ✓ Maximum Marks: 200
- ✓ Duration: 60 Minutes
- ✓ Negative Marking: 0.50 Mark for every incorrect answer.

General Intelligence & Reasoning Syllabus

The General Intelligence and Reasoning section tests a candidate's logical thinking, analytical ability, problem-solving skills, and decision-making capability. Questions are asked from both Verbal and Non-Verbal Reasoning.

TOPIC	IMPORTANT AREAS
Classification	Number, Alphabet, Figure & Word Classification
Analogy	Number, Alphabet, Figure & Semantic Analogy
Coding-Decoding	Letter Coding, Number Coding, Word Coding
Series	Number Series, Alphabet Series, Mixed Series
Matrix	Matrix Arrangement & Pattern Recognition
Word Formation	Letter Arrangement & Word Construction
Paper Folding	Paper Folding & Cutting
Venn Diagram	Logical Relationship Problems
Direction & Distance	Direction Sense Test
Blood Relations	Family Tree & Relationship Problems
Seating Arrangement	Linear & Circular Arrangement
Puzzle	Logical Puzzle Based Questions
Verbal Reasoning	Logical Statements & Decision Making
Non-Verbal Reasoning	Mirror Images, Embedded Figures, Pattern Completion

Practice puzzles, seating arrangements, coding-decoding, analogy, and series daily. Solving previous year SSC questions can significantly improve speed and accuracy.

English Language & Comprehension Syllabus

The English section evaluates grammar, vocabulary, comprehension skills, and language usage. Candidates should focus on grammar rules, vocabulary building, and regular reading practice.

TOPIC	IMPORTANT AREAS
Reading Comprehension	Passage-based Questions
Cloze Test	Grammar & Vocabulary Based
Error Spotting	Grammar Errors
Sentence Improvement	Correct Sentence Formation
Fill in the Blanks	Grammar & Vocabulary
One Word Substitution	Vocabulary
Idioms & Phrases	Meaning & Usage
Spellings	Correct & Incorrect Spellings
Para Jumbles	Sentence Arrangement
Synonyms & Antonyms	Vocabulary
Active & Passive Voice	Voice Conversion
Direct & Indirect Speech	Narration

Read English newspapers daily, revise grammar rules regularly, and practice comprehension passages to improve reading speed and accuracy.

Quantitative Aptitude Syllabus

The Quantitative Aptitude section tests candidates' mathematical concepts, calculation speed, and problem-solving ability. Questions are generally asked from Arithmetic, Algebra, Geometry, Trigonometry, and Data Interpretation.

TOPIC	IMPORTANT AREAS
Number System	Basic Number Concepts
Simplification	BODMAS, Approximation
Percentage	Percentage Calculations
Ratio & Proportion	Partnership, Mixture
Averages	Average Based Questions
Simple & Compound Interest	Interest Calculations
Profit & Loss	Discount, Marked Price
Problems on Ages	Age-based Calculations
Time & Work	Efficiency & Work Problems
Speed, Distance & Time	Boats, Trains, Relative Speed
Algebra	Basic Algebraic Expressions
Geometry	Lines, Angles, Triangles, Circles
Mensuration	2D & 3D Geometry
Trigonometry	Heights & Distances
Data Interpretation	Tables, Graphs, Pie Charts

Memorize important formulas, practice calculation shortcuts, and solve previous year SSC Maths questions regularly to improve accuracy and speed.

General Awareness Syllabus

The General Awareness section assesses candidates' knowledge of current affairs and important national and international events. Questions are asked from Static GK as well as current events.

TOPIC	COVERAGE
Current Affairs	National & International Events
Static General Knowledge	Important Facts & Information
History	Ancient, Medieval & Modern India
Geography	Indian & World Geography
Indian Polity	Constitution & Governance
Economics	Indian Economy & Budget
General Science	Physics, Chemistry & Biology
Culture	Indian Heritage & Culture
Sports	National & International Sports
Books & Authors	Important Publications
Awards & Honours	National & International Awards
Government Schemes	Major Government Initiatives
Important Personalities	People in News

Read newspapers daily, revise monthly current affairs, and prepare short notes for History, Geography, Polity, Economy, and Science to score well in this section.

SSC CHSL Tier 1 Preparation Strategy

Follow these strategies for better performance:

- Understand the complete syllabus before starting preparation.
- Allocate equal time to all four subjects.
- Practice previous year SSC CHSL question papers.
- Attempt full-length mock tests every week.
- Revise important formulas, grammar rules, and current affairs regularly.
- Focus on improving speed and accuracy through timed practice.
- Analyze mistakes after every mock test and work on weak areas.

SSC CHSL Tier 2 Syllabus

SSC CHSL Tier 2 Syllabus (Subject-wise)

The SSC CHSL Tier 2 Syllabus 2026 is more comprehensive than Tier 1 and plays a crucial role in the final merit list. Tier 2 evaluates candidates' conceptual understanding, analytical ability, language proficiency, general awareness, and computer knowledge. Candidates must also qualify the prescribed Skill Test or Typing Test, depending on the post applied for.

Unlike Tier 1, the questions in Tier 2 are generally of moderate to difficult difficulty level. Therefore, candidates should focus on conceptual clarity, regular revision, and extensive practice to maximize their scores.

SSC CHSL Tier 2 – Subjects Covered

- ✓ Mathematical Abilities
- ✓ Reasoning & General Intelligence
- ✓ English Language & Comprehension
- ✓ General Awareness
- ✓ Computer Knowledge Test

✓ Skill Test / Typing Test (Qualifying)

Mathematical Abilities Syllabus

The Mathematical Abilities section tests candidates' understanding of arithmetic, algebra, geometry, trigonometry, mensuration, statistics, and probability. Questions are designed to assess conceptual knowledge and problem-solving ability.

UNIT	TOPICS COVERED
Number System	Number System, Whole Numbers, Decimals, Fractions, Relationship Between Numbers
Arithmetic	Percentages, Ratio & Proportion, Square Roots, Averages, Profit & Loss, Discount, Partnership Business, Simple & Compound Interest, Time & Distance, Time & Work
Algebra	Basic Algebraic Identities, Elementary Surds, Linear Equations, Graphs of Linear Equations
Geometry	Triangles, Circles, Congruence, Similarity, Angles, Chords, Tangents, Elementary Geometrical Figures
Mensuration	Triangle, Quadrilateral, Polygon, Circle, Prism, Cone, Cylinder, Sphere, Hemisphere, Pyramid
Trigonometry	Trigonometric Ratios, Complementary Angles, Heights & Distances, Standard Identities
Statistics & Probability	Mean, Median, Mode, Standard Deviation, Histogram, Pie Chart, Frequency Polygon, Probability

Strengthen your concepts before solving advanced questions. Daily formula revision and regular practice of Data Interpretation, Geometry, and Trigonometry can significantly improve your score.

Reasoning & General Intelligence Syllabus

This section evaluates candidates' logical thinking, analytical reasoning, decision-making ability, observation skills, and problem-solving capability through verbal and non-verbal reasoning questions.

IMPORTANT TOPICS

Semantic Analogy

Figural Analogy

Number & Symbolic Analogy

Classification

Semantic & Figural Classification

Number Series

Alphabet Series

Venn Diagrams

Coding-Decoding

Critical Thinking

Drawing Inferences

Word Building

Space Orientation

Punched Hole & Folding Pattern

Embedded Figures

IMPORTANT TOPICS

Numerical Operations

Logical & Analytical Reasoning

Problem Solving

Emotional Intelligence

Social Intelligence

Practice high-level reasoning questions daily and improve logical thinking through mock tests and previous year SSC question papers.

English Language & Comprehension Syllabus

The English Language section assesses grammar, vocabulary, comprehension ability, sentence formation, and language usage. Candidates should focus equally on grammar rules and reading comprehension.

IMPORTANT TOPICS

Vocabulary

Grammar

Sentence Structure

Reading Comprehension

Passage Analysis

Fill in the Blanks

Spot the Error

IMPORTANT TOPICS

Sentence Improvement

Sentence Rearrangement

Idioms & Phrases

One Word Substitution

Synonyms & Antonyms

Spellings / Mis-spelt Words

Active & Passive Voice

Direct & Indirect Speech

Cloze Test

Read English newspapers daily, revise grammar rules regularly, and practice comprehension passages to improve reading speed and vocabulary.

General Awareness Syllabus

The General Awareness section evaluates candidates' knowledge of current affairs and important events related to India and the world. Questions are generally based on static GK as well as current developments.

IMPORTANT TOPICS

Current Affairs

Indian History

Indian Culture

IMPORTANT TOPICS

Geography (India & World)

Indian Constitution & Polity

Economic Scene

Scientific Research

General Science

India & Its Neighbouring Countries

Important National & International Events

Read daily newspapers, revise monthly current affairs, and prepare short notes for History, Geography, Polity, Economy, and Science.

Computer Knowledge Syllabus

The Computer Knowledge Test assesses candidates' understanding of computer fundamentals, Microsoft Office, networking, cybersecurity, internet usage, and digital banking. Regular computer usage and basic technical knowledge are sufficient to score well in this section.

TOPIC**IMPORTANT AREAS**

Computer Fundamentals

Computer Organization, CPU, Input Devices, Output Devices, Memory, Backup Devices, Ports, Windows Explorer, Keyboard Shortcuts

Software & Applications

Windows Operating System, System Software, Application Software, File Management, MS Office Features

Microsoft Office

MS Word, MS Excel, MS PowerPoint, Tables, Charts, Functions, Formatting, Presentations

TOPIC	IMPORTANT AREAS
Internet & E-mail	Web Browsing, Searching, Uploading, Downloading, Email Management, Attachments, E-Banking Services
Computer Networks	LAN, WAN, MAN, Router, Switch, Modem, Network Protocols
Cyber Security	Viruses, Worms, Trojans, Malware, Phishing, Information Security, Preventive Security Measures
Computer Security	Password Protection, Firewall, Antivirus, Safe Browsing, Data Privacy
Digital Banking	Internet Banking, Mobile Banking, UPI, NEFT, RTGS, IMPS, E-Wallets, Payment Gateways

Focus on practical computer concepts, Microsoft Office shortcuts, networking basics, cybersecurity awareness, and recent digital banking technologies.

Tier 2 Preparation Strategy

Follow these strategies to score well in Tier 2:

- Build strong conceptual clarity instead of memorizing formulas.
- Practice previous year SSC CHSL Tier 2 question papers regularly.
- Attempt full-length mock tests under exam conditions.
- Revise important Maths formulas and English grammar rules frequently.
- Read current affairs daily and revise static General Knowledge weekly.
- Practice Computer Knowledge topics using practical examples.
- Improve typing speed if applying for LDC, JSA, PA, SA, or DEO posts.
- Analyze every mock test to identify weak areas and improve accuracy.

Remember

Tier 2 carries the highest weightage in the SSC CHSL selection process. Consistent revision, conceptual understanding, regular mock tests, and effective time management are the key factors for achieving a high score and securing a place in the final merit list.

SSC CHSL Exam Preparation

Complete study material, practice tests, and expert guidance for SSC CHSL examination. Access structured learning paths and track your progress.

SSC CHSL Tier 1 Syllabus (Subject-wise)

The SSC CHSL Tier 1 Syllabus 2026 is designed to evaluate a candidate's logical reasoning ability, quantitative aptitude, English language proficiency, and general awareness. Since each subject carries equal weightage, candidates should prepare all four sections thoroughly to maximize their score in the Computer-Based Examination.

The Tier 1 examination consists of four subjects:

- General Intelligence & Reasoning
- English Language & Comprehension
- Quantitative Aptitude
- General Awareness

SSC CHSL Tier 1 – Quick Overview

- ✓ Total Subjects: 4
- ✓ Total Questions: 100
- ✓ Maximum Marks: 200
- ✓ Duration: 60 Minutes
- ✓ Negative Marking: 0.50 Mark for every incorrect answer.

General Intelligence & Reasoning Syllabus

The General Intelligence and Reasoning section tests a candidate's logical thinking, analytical ability, problem-solving skills, and decision-making capability. Questions are asked from both Verbal and Non-Verbal Reasoning.

TOPIC	IMPORTANT AREAS
Classification	Number, Alphabet, Figure & Word Classification
Analogy	Number, Alphabet, Figure & Semantic Analogy
Coding-Decoding	Letter Coding, Number Coding, Word Coding
Series	Number Series, Alphabet Series, Mixed Series
Matrix	Matrix Arrangement & Pattern Recognition
Word Formation	Letter Arrangement & Word Construction

SSC CHSL Syllabus 2026

The SSC CHSL Syllabus 2026 is prescribed by the Staff Selection Commission (SSC) for candidates appearing in the Combined Higher Secondary Level (CHSL) Examination. The syllabus is divided into Tier 1 and Tier 2, covering subjects such as English Language, General Intelligence & Reasoning, Quantitative Aptitude, General Awareness, Mathematical Abilities, Computer Knowledge, and the Skill Test/Typing Test.

A thorough understanding of the latest SSC CHSL syllabus helps candidates prepare strategically, prioritize important topics, and improve their chances of qualifying every stage of the examination. Along with the syllabus, candidates should also understand the latest exam pattern, marking scheme, and time allocation before beginning their preparation.

SSC CHSL 2026 Syllabus – Quick Highlights

- ✓ Selection Process: Tier 1, Tier 2 & Skill/Typing Test
- ✓ Tier 1 Subjects: English, Reasoning, Quantitative Aptitude & General Awareness
- ✓ Tier 2 Subjects: Maths, Reasoning, English, General Awareness & Computer Knowledge
- ✓ Exam Mode: Computer-Based Test (CBT)
- ✓ Negative Marking: Applicable in Tier 1 & Tier 2

SSC CHSL Syllabus 2026 Overview

SSC CHSL Syllabus PDF Download

The SSC CHSL Syllabus PDF contains the latest subject-wise topics prescribed by the Staff Selection Commission for both Tier 1 and Tier 2 examinations. Candidates should download the syllabus PDF before starting their preparation so that they can create an effective study plan and avoid spending time on topics that are not part of the examination.

 [SSC CHSL Syllabus PDF 2026](#)

Download the latest SSC CHSL Tier 1 & Tier 2 Syllabus PDF after the official notification is released.

SSC CHSL Tier 1 Exam Pattern 2026

The SSC CHSL Tier 1 Examination is the first stage of the recruitment process and is conducted in Computer-Based Test (CBT) mode. The paper consists of 100 objective-type questions carrying a total of 200 marks. Each section carries equal weightage, making it essential for candidates to prepare all subjects equally.

SECTION	SUBJECT	QUESTIONS	MARKS	DURATION
A	General Intelligence & Reasoning	25	50	60 Minutes
B	General Awareness	25	50	
C	Quantitative Aptitude	25	50	
D	English Language & Comprehension	25	50	
Total	100	200		

Tier 1 Highlights

- ✓ Computer-Based Objective Examination.
- ✓ Four Sections carrying equal weightage.
- ✓ 100 Questions for 200 Marks.

✓ Total Duration: 60 Minutes.

✓ Negative Marking: 0.50 Mark for every incorrect answer.

Note: As per recent SSC examination patterns, each section may have an individual sectional timing. Candidates should refer to the official SSC CHSL 2026 Notification for the final examination scheme.

SSC CHSL Tier 2 Exam Pattern 2026

The Tier 2 Examination is the most important stage of the SSC CHSL selection process. The final merit list is prepared primarily on the basis of candidates' performance in Tier 2, subject to qualifying the prescribed Skill Test or Typing Test.

Tier 2 consists of multiple sections covering Mathematics, Reasoning, English Language, General Awareness, Computer Knowledge, and Skill/Typing Test.

SESSION	SECTION / MODULE	SUBJECT	QUESTIONS	MARKS	DURATION
Session I	Section I (Module I)	Mathematical Abilities	30	90	1 Hour
Section I (Module II)	Reasoning & General Intelligence	30	90		
Section I Total	60	180			
Session I	Section II (Module I)	English Language & Comprehension	40	120	1 Hour
Section II (Module II)	General Awareness	20	60		
Section II Total	60	180			

SESSION	SECTION / MODULE	SUBJECT	QUESTIONS	MARKS	DURATION
Session I	Section III (Module I)	Computer Knowledge Test	15	45	15 Minutes
Session I Total	135	405	2 Hours 15 Minutes		

SSC CHSL Tier 2 Skill Test / Typing Test (Session II)

Candidates qualifying the written examination are required to appear for the Skill Test or Typing Test based on the post applied for. This stage is qualifying in nature but mandatory for final selection.

SESSION	PART	TEST	DURATION	NATURE
Session II	Part A	Skill Test for DEOs (Specified Departments)	15 Minutes	Qualifying
Part B	Skill Test for DEOs (Other Departments)	15 Minutes	Qualifying	
Part C	Typing Test for LDC / JSA	10 Minutes	Qualifying	

Preparation Strategy

Before starting your preparation, thoroughly understand the latest SSC CHSL syllabus and exam pattern. Prepare a subject-wise study plan, focus on high-weightage topics, practice previous year question papers, and attempt regular mock tests to improve both speed and accuracy.

SSC CHSL Tier 1 Syllabus

SSC CHSL Tier 1 Syllabus (Subject-wise)

The SSC CHSL Tier 1 Syllabus 2026 is designed to evaluate a candidate's logical reasoning ability, quantitative aptitude, English language proficiency, and general awareness. Since each subject carries equal weightage, candidates should prepare all four sections thoroughly to maximize their score in the Computer-Based Examination.

The Tier 1 examination consists of four subjects:

- General Intelligence & Reasoning
- English Language & Comprehension
- Quantitative Aptitude
- General Awareness

SSC CHSL Tier 1 – Quick Overview

- ✓ Total Subjects: 4
- ✓ Total Questions: 100
- ✓ Maximum Marks: 200
- ✓ Duration: 60 Minutes
- ✓ Negative Marking: 0.50 Mark for every incorrect answer.

General Intelligence & Reasoning Syllabus

The General Intelligence and Reasoning section tests a candidate's logical thinking, analytical ability, problem-solving skills, and decision-making capability. Questions are asked from both Verbal and Non-Verbal Reasoning.

TOPIC	IMPORTANT AREAS
Classification	Number, Alphabet, Figure & Word Classification
Analogy	Number, Alphabet, Figure & Semantic Analogy
Coding-Decoding	Letter Coding, Number Coding, Word Coding
Series	Number Series, Alphabet Series, Mixed Series
Matrix	Matrix Arrangement & Pattern Recognition
Word Formation	Letter Arrangement & Word Construction
Paper Folding	Paper Folding & Cutting
Venn Diagram	Logical Relationship Problems
Direction & Distance	Direction Sense Test
Blood Relations	Family Tree & Relationship Problems
Seating Arrangement	Linear & Circular Arrangement
Puzzle	Logical Puzzle Based Questions
Verbal Reasoning	Logical Statements & Decision Making
Non-Verbal Reasoning	Mirror Images, Embedded Figures, Pattern Completion

Practice puzzles, seating arrangements, coding-decoding, analogy, and series daily. Solving previous year SSC questions can significantly improve speed and accuracy.

English Language & Comprehension Syllabus

The English section evaluates grammar, vocabulary, comprehension skills, and language usage. Candidates should focus on grammar rules, vocabulary building, and regular reading practice.

TOPIC	IMPORTANT AREAS
Reading Comprehension	Passage-based Questions
Cloze Test	Grammar & Vocabulary Based
Error Spotting	Grammar Errors
Sentence Improvement	Correct Sentence Formation
Fill in the Blanks	Grammar & Vocabulary
One Word Substitution	Vocabulary
Idioms & Phrases	Meaning & Usage
Spellings	Correct & Incorrect Spellings
Para Jumbles	Sentence Arrangement
Synonyms & Antonyms	Vocabulary
Active & Passive Voice	Voice Conversion
Direct & Indirect Speech	Narration

Read English newspapers daily, revise grammar rules regularly, and practice comprehension passages to improve reading speed and accuracy.

Quantitative Aptitude Syllabus

The Quantitative Aptitude section tests candidates' mathematical concepts, calculation speed, and problem-solving ability. Questions are generally asked from Arithmetic, Algebra, Geometry, Trigonometry, and Data Interpretation.

TOPIC	IMPORTANT AREAS
Number System	Basic Number Concepts
Simplification	BODMAS, Approximation
Percentage	Percentage Calculations
Ratio & Proportion	Partnership, Mixture
Averages	Average Based Questions
Simple & Compound Interest	Interest Calculations
Profit & Loss	Discount, Marked Price
Problems on Ages	Age-based Calculations
Time & Work	Efficiency & Work Problems
Speed, Distance & Time	Boats, Trains, Relative Speed
Algebra	Basic Algebraic Expressions
Geometry	Lines, Angles, Triangles, Circles
Mensuration	2D & 3D Geometry
Trigonometry	Heights & Distances
Data Interpretation	Tables, Graphs, Pie Charts

Memorize important formulas, practice calculation shortcuts, and solve previous year SSC Maths questions regularly to improve accuracy and speed.

General Awareness Syllabus

The General Awareness section assesses candidates' knowledge of current affairs and important national and international events. Questions are asked from Static GK as well as current events.

TOPIC	COVERAGE
Current Affairs	National & International Events
Static General Knowledge	Important Facts & Information
History	Ancient, Medieval & Modern India
Geography	Indian & World Geography
Indian Polity	Constitution & Governance
Economics	Indian Economy & Budget
General Science	Physics, Chemistry & Biology
Culture	Indian Heritage & Culture
Sports	National & International Sports
Books & Authors	Important Publications
Awards & Honours	National & International Awards
Government Schemes	Major Government Initiatives
Important Personalities	People in News

Read newspapers daily, revise monthly current affairs, and prepare short notes for History, Geography, Polity, Economy, and Science to score well in this section.

SSC CHSL Tier 1 Preparation Strategy

Follow these strategies for better performance:

- Understand the complete syllabus before starting preparation.
- Allocate equal time to all four subjects.
- Practice previous year SSC CHSL question papers.
- Attempt full-length mock tests every week.
- Revise important formulas, grammar rules, and current affairs regularly.
- Focus on improving speed and accuracy through timed practice.
- Analyze mistakes after every mock test and work on weak areas.

SSC CHSL Tier 2 Syllabus

SSC CHSL Tier 2 Syllabus (Subject-wise)

The SSC CHSL Tier 2 Syllabus 2026 is more comprehensive than Tier 1 and plays a crucial role in the final merit list. Tier 2 evaluates candidates' conceptual understanding, analytical ability, language proficiency, general awareness, and computer knowledge. Candidates must also qualify the prescribed Skill Test or Typing Test, depending on the post applied for.

Unlike Tier 1, the questions in Tier 2 are generally of moderate to difficult difficulty level. Therefore, candidates should focus on conceptual clarity, regular revision, and extensive practice to maximize their scores.

SSC CHSL Tier 2 – Subjects Covered

- ✓ Mathematical Abilities
- ✓ Reasoning & General Intelligence
- ✓ English Language & Comprehension
- ✓ General Awareness
- ✓ Computer Knowledge Test

✓ Skill Test / Typing Test (Qualifying)

Mathematical Abilities Syllabus

The Mathematical Abilities section tests candidates' understanding of arithmetic, algebra, geometry, trigonometry, mensuration, statistics, and probability. Questions are designed to assess conceptual knowledge and problem-solving ability.

UNIT	TOPICS COVERED
Number System	Number System, Whole Numbers, Decimals, Fractions, Relationship Between Numbers
Arithmetic	Percentages, Ratio & Proportion, Square Roots, Averages, Profit & Loss, Discount, Partnership Business, Simple & Compound Interest, Time & Distance, Time & Work
Algebra	Basic Algebraic Identities, Elementary Surds, Linear Equations, Graphs of Linear Equations
Geometry	Triangles, Circles, Congruence, Similarity, Angles, Chords, Tangents, Elementary Geometrical Figures
Mensuration	Triangle, Quadrilateral, Polygon, Circle, Prism, Cone, Cylinder, Sphere, Hemisphere, Pyramid
Trigonometry	Trigonometric Ratios, Complementary Angles, Heights & Distances, Standard Identities
Statistics & Probability	Mean, Median, Mode, Standard Deviation, Histogram, Pie Chart, Frequency Polygon, Probability

Strengthen your concepts before solving advanced questions. Daily formula revision and regular practice of Data Interpretation, Geometry, and Trigonometry can significantly improve your score.

Reasoning & General Intelligence Syllabus

This section evaluates candidates' logical thinking, analytical reasoning, decision-making ability, observation skills, and problem-solving capability through verbal and non-verbal reasoning questions.

IMPORTANT TOPICS

Semantic Analogy

Figural Analogy

Number & Symbolic Analogy

Classification

Semantic & Figural Classification

Number Series

Alphabet Series

Venn Diagrams

Coding-Decoding

Critical Thinking

Drawing Inferences

Word Building

Space Orientation

Punched Hole & Folding Pattern

Embedded Figures

IMPORTANT TOPICS

Numerical Operations

Logical & Analytical Reasoning

Problem Solving

Emotional Intelligence

Social Intelligence

Practice high-level reasoning questions daily and improve logical thinking through mock tests and previous year SSC question papers.

English Language & Comprehension Syllabus

The English Language section assesses grammar, vocabulary, comprehension ability, sentence formation, and language usage. Candidates should focus equally on grammar rules and reading comprehension.

IMPORTANT TOPICS

Vocabulary

Grammar

Sentence Structure

Reading Comprehension

Passage Analysis

Fill in the Blanks

Spot the Error

IMPORTANT TOPICS

Sentence Improvement

Sentence Rearrangement

Idioms & Phrases

One Word Substitution

Synonyms & Antonyms

Spellings / Mis-spelt Words

Active & Passive Voice

Direct & Indirect Speech

Cloze Test

Read English newspapers daily, revise grammar rules regularly, and practice comprehension passages to improve reading speed and vocabulary.

General Awareness Syllabus

The General Awareness section evaluates candidates' knowledge of current affairs and important events related to India and the world. Questions are generally based on static GK as well as current developments.

IMPORTANT TOPICS

Current Affairs

Indian History

Indian Culture

IMPORTANT TOPICS

Geography (India & World)

Indian Constitution & Polity

Economic Scene

Scientific Research

General Science

India & Its Neighbouring Countries

Important National & International Events

Read daily newspapers, revise monthly current affairs, and prepare short notes for History, Geography, Polity, Economy, and Science.

Computer Knowledge Syllabus

The Computer Knowledge Test assesses candidates' understanding of computer fundamentals, Microsoft Office, networking, cybersecurity, internet usage, and digital banking. Regular computer usage and basic technical knowledge are sufficient to score well in this section.

TOPIC	IMPORTANT AREAS
Computer Fundamentals	Computer Organization, CPU, Input Devices, Output Devices, Memory, Backup Devices, Ports, Windows Explorer, Keyboard Shortcuts
Software & Applications	Windows Operating System, System Software, Application Software, File Management, MS Office Features
Microsoft Office	MS Word, MS Excel, MS PowerPoint, Tables, Charts, Functions, Formatting, Presentations

TOPIC	IMPORTANT AREAS
Internet & E-mail	Web Browsing, Searching, Uploading, Downloading, Email Management, Attachments, E-Banking Services
Computer Networks	LAN, WAN, MAN, Router, Switch, Modem, Network Protocols
Cyber Security	Viruses, Worms, Trojans, Malware, Phishing, Information Security, Preventive Security Measures
Computer Security	Password Protection, Firewall, Antivirus, Safe Browsing, Data Privacy
Digital Banking	Internet Banking, Mobile Banking, UPI, NEFT, RTGS, IMPS, E-Wallets, Payment Gateways

Focus on practical computer concepts, Microsoft Office shortcuts, networking basics, cybersecurity awareness, and recent digital banking technologies.

Tier 2 Preparation Strategy

Follow these strategies to score well in Tier 2:

- Build strong conceptual clarity instead of memorizing formulas.
- Practice previous year SSC CHSL Tier 2 question papers regularly.
- Attempt full-length mock tests under exam conditions.
- Revise important Maths formulas and English grammar rules frequently.
- Read current affairs daily and revise static General Knowledge weekly.
- Practice Computer Knowledge topics using practical examples.
- Improve typing speed if applying for LDC, JSA, PA, SA, or DEO posts.
- Analyze every mock test to identify weak areas and improve accuracy.

Remember

Tier 2 carries the highest weightage in the SSC CHSL selection process. Consistent revision, conceptual understanding, regular mock tests, and effective time management are the key factors for achieving a high score and securing a place in the final merit list.

SSC CHSL Syllabus

SSC CHSL Syllabus 2026

The SSC CHSL Syllabus 2026 is prescribed by the Staff Selection Commission (SSC) for candidates appearing in the Combined Higher Secondary Level (CHSL) Examination. The syllabus is divided into Tier 1 and Tier 2, covering subjects such as English Language, General Intelligence & Reasoning, Quantitative Aptitude, General Awareness, Mathematical Abilities, Computer Knowledge, and the Skill Test/Typing Test.

A thorough understanding of the latest SSC CHSL syllabus helps candidates prepare strategically, prioritize important topics, and improve their chances of qualifying every stage of the examination. Along with the syllabus, candidates should also understand the latest exam pattern, marking scheme, and time allocation before beginning their preparation.

SSC CHSL 2026 Syllabus – Quick Highlights

- ✓ Selection Process: Tier 1, Tier 2 & Skill/Typing Test
- ✓ Tier 1 Subjects: English, Reasoning, Quantitative Aptitude & General Awareness
- ✓ Tier 2 Subjects: Maths, Reasoning, English, General Awareness & Computer Knowledge
- ✓ Exam Mode: Computer-Based Test (CBT)
- ✓ Negative Marking: Applicable in Tier 1 & Tier 2

SSC CHSL Syllabus 2026 Overview

EXAM NAME	SSC COMBINED HIGHER SECONDARY LEVEL (CHSL) 2026
Conducting Authority	Staff Selection Commission (SSC)
Selection Process	Tier 1, Tier 2, Skill Test / Typing Test

EXAM NAME	SSC COMBINED HIGHER SECONDARY LEVEL (CHSL) 2026
Mode of Examination	Computer-Based Test (Online)
Tier 1 Subjects	English Language, General Intelligence & Reasoning, Quantitative Aptitude, General Awareness
Tier 2 Subjects	Mathematical Abilities, Reasoning & General Intelligence, English Language, General Awareness, Computer Knowledge
Total Questions	Tier 1: 100 QuestionsTier 2: 135 Questions
Total Marks	Tier 1: 200 MarksTier 2: 405 Marks
Exam Duration	Tier 1: 60 MinutesTier 2: 2 Hours 15 Minutes (excluding Skill/Typing Test)
Negative Marking	Tier 1: 0.50 MarkTier 2: 1 Mark (Applicable Sections)

SSC CHSL Syllabus PDF Download

The SSC CHSL Syllabus PDF contains the latest subject-wise topics prescribed by the Staff Selection Commission for both Tier 1 and Tier 2 examinations. Candidates should download the syllabus PDF before starting their preparation so that they can create an effective study plan and avoid spending time on topics that are not part of the examination.

 [SSC CHSL Syllabus PDF 2026](#)

Download the latest SSC CHSL Tier 1 & Tier 2 Syllabus PDF after the official notification is released.

SSC CHSL Tier 1 Exam Pattern 2026

The SSC CHSL Tier 1 Examination is the first stage of the recruitment process and is conducted in Computer-Based Test (CBT) mode. The paper consists of 100 objective-type questions carrying a total of 200 marks. Each section carries equal weightage, making it essential for candidates to prepare all subjects equally.

SECTION	SUBJECT	QUESTIONS	MARKS	DURATION
A	General Intelligence & Reasoning	25	50	60 Minutes
B	General Awareness	25	50	
C	Quantitative Aptitude	25	50	
D	English Language & Comprehension	25	50	
Total	100	200		

Tier 1 Highlights

- ✓ Computer-Based Objective Examination.
- ✓ Four Sections carrying equal weightage.
- ✓ 100 Questions for 200 Marks.
- ✓ Total Duration: 60 Minutes.
- ✓ Negative Marking: 0.50 Mark for every incorrect answer.

Note: As per recent SSC examination patterns, each section may have an individual sectional timing. Candidates should refer to the official SSC CHSL 2026 Notification for the final examination scheme.

SSC CHSL Tier 2 Exam Pattern 2026

The Tier 2 Examination is the most important stage of the SSC CHSL selection process. The final merit list is prepared primarily on the basis of candidates' performance in Tier 2, subject to qualifying the prescribed Skill Test or Typing Test.

Tier 2 consists of multiple sections covering Mathematics, Reasoning, English Language, General Awareness, Computer Knowledge, and Skill/Typing Test.

SESSION	SECTION / MODULE	SUBJECT	QUESTIONS	MARKS	DURATION
Session I	Section I (Module I)	Mathematical Abilities	30	90	1 Hour
Section I (Module II)	Reasoning & General Intelligence	30	90		
Section I Total	60	180			
Session I	Section II (Module I)	English Language & Comprehension	40	120	1 Hour
Section II (Module II)	General Awareness	20	60		
Section II Total	60	180			
Session I	Section III (Module I)	Computer Knowledge Test	15	45	15 Minutes
Session I Total	135	405	2 Hours 15 Minutes		

SSC CHSL Tier 2 Skill Test / Typing Test (Session II)

Candidates qualifying the written examination are required to appear for the Skill Test or Typing Test based on the post applied for. This stage is qualifying in nature but mandatory for final selection.

SESSION	PART	TEST	DURATION	NATURE
Session II	Part A	Skill Test for DEOs (Specified Departments)	15 Minutes	Qualifying

SESSION	PART	TEST	DURATION	NATURE
Part B	Skill Test for DEOs (Other Departments)	15 Minutes	Qualifying	
Part C	Typing Test for LDC / JSA	10 Minutes	Qualifying	

Preparation Strategy

Before starting your preparation, thoroughly understand the latest SSC CHSL syllabus and exam pattern. Prepare a subject-wise study plan, focus on high-weightage topics, practice previous year question papers, and attempt regular mock tests to improve both speed and accuracy.

SSC CHSL Tier 1 Syllabus

SSC CHSL Tier 1 Syllabus (Subject-wise)

The SSC CHSL Tier 1 Syllabus 2026 is designed to evaluate a candidate's logical reasoning ability, quantitative aptitude, English language proficiency, and general awareness. Since each subject carries equal weightage, candidates should prepare all four sections thoroughly to maximize their score in the Computer-Based Examination.

The Tier 1 examination consists of four subjects:

- General Intelligence & Reasoning
- English Language & Comprehension
- Quantitative Aptitude
- General Awareness

SSC CHSL Tier 1 – Quick Overview

- ✓ Total Subjects: 4
- ✓ Total Questions: 100
- ✓ Maximum Marks: 200

✓ Duration: 60 Minutes

✓ Negative Marking: 0.50 Mark for every incorrect answer.

General Intelligence & Reasoning Syllabus

The General Intelligence and Reasoning section tests a candidate's logical thinking, analytical ability, problem-solving skills, and decision-making capability. Questions are asked from both Verbal and Non-Verbal Reasoning.

TOPIC	IMPORTANT AREAS
Classification	Number, Alphabet, Figure & Word Classification
Analogy	Number, Alphabet, Figure & Semantic Analogy
Coding-Decoding	Letter Coding, Number Coding, Word Coding
Series	Number Series, Alphabet Series, Mixed Series
Matrix	Matrix Arrangement & Pattern Recognition
Word Formation	Letter Arrangement & Word Construction
Paper Folding	Paper Folding & Cutting
Venn Diagram	Logical Relationship Problems
Direction & Distance	Direction Sense Test
Blood Relations	Family Tree & Relationship Problems
Seating Arrangement	Linear & Circular Arrangement
Puzzle	Logical Puzzle Based Questions
Verbal Reasoning	Logical Statements & Decision Making

TOPIC	IMPORTANT AREAS
Non-Verbal Reasoning	Mirror Images, Embedded Figures, Pattern Completion

Practice puzzles, seating arrangements, coding-decoding, analogy, and series daily. Solving previous year SSC questions can significantly improve speed and accuracy.

English Language & Comprehension Syllabus

The English section evaluates grammar, vocabulary, comprehension skills, and language usage. Candidates should focus on grammar rules, vocabulary building, and regular reading practice.

TOPIC	IMPORTANT AREAS
Reading Comprehension	Passage-based Questions
Cloze Test	Grammar & Vocabulary Based
Error Spotting	Grammar Errors
Sentence Improvement	Correct Sentence Formation
Fill in the Blanks	Grammar & Vocabulary
One Word Substitution	Vocabulary
Idioms & Phrases	Meaning & Usage
Spellings	Correct & Incorrect Spellings
Para Jumbles	Sentence Arrangement
Synonyms & Antonyms	Vocabulary
Active & Passive Voice	Voice Conversion

TOPIC	IMPORTANT AREAS
Direct & Indirect Speech	Narration

Read English newspapers daily, revise grammar rules regularly, and practice comprehension passages to improve reading speed and accuracy.

Quantitative Aptitude Syllabus

The Quantitative Aptitude section tests candidates' mathematical concepts, calculation speed, and problem-solving ability. Questions are generally asked from Arithmetic, Algebra, Geometry, Trigonometry, and Data Interpretation.

TOPIC	IMPORTANT AREAS
Number System	Basic Number Concepts
Simplification	BODMAS, Approximation
Percentage	Percentage Calculations
Ratio & Proportion	Partnership, Mixture
Averages	Average Based Questions
Simple & Compound Interest	Interest Calculations
Profit & Loss	Discount, Marked Price
Problems on Ages	Age-based Calculations
Time & Work	Efficiency & Work Problems
Speed, Distance & Time	Boats, Trains, Relative Speed
Algebra	Basic Algebraic Expressions

TOPIC	IMPORTANT AREAS
Geometry	Lines, Angles, Triangles, Circles
Mensuration	2D & 3D Geometry
Trigonometry	Heights & Distances
Data Interpretation	Tables, Graphs, Pie Charts

Memorize important formulas, practice calculation shortcuts, and solve previous year SSC Maths questions regularly to improve accuracy and speed.

General Awareness Syllabus

The General Awareness section assesses candidates' knowledge of current affairs and important national and international events. Questions are asked from Static GK as well as current events.

TOPIC	COVERAGE
Current Affairs	National & International Events
Static General Knowledge	Important Facts & Information
History	Ancient, Medieval & Modern India
Geography	Indian & World Geography
Indian Polity	Constitution & Governance
Economics	Indian Economy & Budget
General Science	Physics, Chemistry & Biology
Culture	Indian Heritage & Culture

TOPIC	COVERAGE
Sports	National & International Sports
Books & Authors	Important Publications
Awards & Honours	National & International Awards
Government Schemes	Major Government Initiatives
Important Personalities	People in News

Read newspapers daily, revise monthly current affairs, and prepare short notes for History, Geography, Polity, Economy, and Science to score well in this section.

SSC CHSL Tier 1 Preparation Strategy

Follow these strategies for better performance:

- Understand the complete syllabus before starting preparation.
- Allocate equal time to all four subjects.
- Practice previous year SSC CHSL question papers.
- Attempt full-length mock tests every week.
- Revise important formulas, grammar rules, and current affairs regularly.
- Focus on improving speed and accuracy through timed practice.
- Analyze mistakes after every mock test and work on weak areas.

SSC CHSL Tier 2 Syllabus

SSC CHSL Tier 2 Syllabus (Subject-wise)

The SSC CHSL Tier 2 Syllabus 2026 is more comprehensive than Tier 1 and plays a crucial role in the final merit list. Tier 2 evaluates candidates' conceptual understanding, analytical ability,

language proficiency, general awareness, and computer knowledge. Candidates must also qualify the prescribed Skill Test or Typing Test, depending on the post applied for.

Unlike Tier 1, the questions in Tier 2 are generally of moderate to difficult difficulty level. Therefore, candidates should focus on conceptual clarity, regular revision, and extensive practice to maximize their scores.

SSC CHSL Tier 2 – Subjects Covered

- ✓ Mathematical Abilities
- ✓ Reasoning & General Intelligence
- ✓ English Language & Comprehension
- ✓ General Awareness
- ✓ Computer Knowledge Test
- ✓ Skill Test / Typing Test (Qualifying)

Mathematical Abilities Syllabus

The Mathematical Abilities section tests candidates' understanding of arithmetic, algebra, geometry, trigonometry, mensuration, statistics, and probability. Questions are designed to assess conceptual knowledge and problem-solving ability.

UNIT	TOPICS COVERED
Number System	Number System, Whole Numbers, Decimals, Fractions, Relationship Between Numbers
Arithmetic	Percentages, Ratio & Proportion, Square Roots, Averages, Profit & Loss, Discount, Partnership Business, Simple & Compound Interest, Time & Distance, Time & Work
Algebra	Basic Algebraic Identities, Elementary Surds, Linear Equations, Graphs of Linear Equations
Geometry	Triangles, Circles, Congruence, Similarity, Angles, Chords, Tangents, Elementary Geometrical Figures

UNIT	TOPICS COVERED
Mensuration	Triangle, Quadrilateral, Polygon, Circle, Prism, Cone, Cylinder, Sphere, Hemisphere, Pyramid
Trigonometry	Trigonometric Ratios, Complementary Angles, Heights & Distances, Standard Identities
Statistics & Probability	Mean, Median, Mode, Standard Deviation, Histogram, Pie Chart, Frequency Polygon, Probability

Strengthen your concepts before solving advanced questions. Daily formula revision and regular practice of Data Interpretation, Geometry, and Trigonometry can significantly improve your score.

Reasoning & General Intelligence Syllabus

This section evaluates candidates' logical thinking, analytical reasoning, decision-making ability, observation skills, and problem-solving capability through verbal and non-verbal reasoning questions.

IMPORTANT TOPICS

Cloze Test

Read English newspapers daily, revise grammar rules regularly, and practice comprehension passages to improve reading speed and vocabulary.

General Awareness Syllabus

The General Awareness section evaluates candidates' knowledge of current affairs and important events related to India and the world. Questions are generally based on static GK as well as current developments.

IMPORTANT TOPICS

Current Affairs

Indian History

Indian Culture

Geography (India & World)

Indian Constitution & Polity

Economic Scene

Scientific Research

General Science

India & Its Neighbouring Countries

Important National & International Events

Read daily newspapers, revise monthly current affairs, and prepare short notes for History, Geography, Polity, Economy, and Science.

Computer Knowledge Syllabus

The Computer Knowledge Test assesses candidates' understanding of computer fundamentals, Microsoft Office, networking, cybersecurity, internet usage, and digital banking. Regular computer usage and basic technical knowledge are sufficient to score well in this section.

TOPIC	IMPORTANT AREAS
Computer Fundamentals	Computer Organization, CPU, Input Devices, Output Devices, Memory, Backup Devices, Ports, Windows Explorer, Keyboard Shortcuts
Software & Applications	Windows Operating System, System Software, Application Software, File Management, MS Office Features
Microsoft Office	MS Word, MS Excel, MS PowerPoint, Tables, Charts, Functions, Formatting, Presentations
Internet & E-mail	Web Browsing, Searching, Uploading, Downloading, Email Management, Attachments, E-Banking Services
Computer Networks	LAN, WAN, MAN, Router, Switch, Modem, Network Protocols
Cyber Security	Viruses, Worms, Trojans, Malware, Phishing, Information Security, Preventive Security Measures
Computer Security	Password Protection, Firewall, Antivirus, Safe Browsing, Data Privacy
Digital Banking	Internet Banking, Mobile Banking, UPI, NEFT, RTGS, IMPS, E-Wallets, Payment Gateways

Focus on practical computer concepts, Microsoft Office shortcuts, networking basics, cybersecurity awareness, and recent digital banking technologies.

Tier 2 Preparation Strategy

Follow these strategies to score well in Tier 2:

- Build strong conceptual clarity instead of memorizing formulas.
- Practice previous year SSC CHSL Tier 2 question papers regularly.
- Attempt full-length mock tests under exam conditions.
- Revise important Maths formulas and English grammar rules frequently.

- Read current affairs daily and revise static General Knowledge weekly.
- Practice Computer Knowledge topics using practical examples.
- Improve typing speed if applying for LDC, JSA, PA, SA, or DEO posts.
- Analyze every mock test to identify weak areas and improve accuracy.

Remember

Tier 2 carries the highest weightage in the SSC CHSL selection process. Consistent revision, conceptual understanding, regular mock tests, and effective time management are the key factors for achieving a high score and securing a place in the final merit list.

SSC CHSL Passing Marks, Typing Test & Preparation Tips

After qualifying the written examination, candidates must meet the prescribed qualifying marks and successfully clear the Typing Test or Skill Test (where applicable). The Staff Selection Commission also follows a predefined tie-breaking policy when two or more candidates secure the same marks.

Candidates should understand these qualifying criteria in advance so that they can prepare effectively for every stage of the SSC CHSL 2026 recruitment process.

SSC CHSL 2026 – Final Stage Overview

- ✓ Minimum Qualifying Marks vary by category.
- ✓ Typing Test / Skill Test is mandatory for applicable posts.
- ✓ Final merit is prepared mainly on Tier 2 performance.
- ✓ SSC follows an official tie-breaking procedure in case of equal marks.

SSC CHSL Minimum Qualifying Marks 2026

Candidates must secure the minimum qualifying marks prescribed by the Staff Selection Commission in both Tier 1 and the applicable sections of Tier 2. Meeting the minimum qualifying marks does not guarantee final selection, as the final cut-off depends on vacancies, category, and overall candidate performance.

CATEGORY	MINIMUM QUALIFYING MARKS
General (UR)	30%
OBC / EWS	25%
SC / ST / PwBD / ESM and Other Categories	20%

The above percentages represent the minimum qualifying criteria only. Candidates generally need to score well above these marks to clear the official SSC CHSL cut-off.

SSC CHSL Typing Test & Skill Test 2026

The Typing Test or Data Entry Speed Test (DEST) is conducted during Tier 2 Session II. This stage is qualifying in nature and is mandatory for the respective posts.

POST	TEST	REQUIRED SPEED	DURATION
Lower Division Clerk (LDC) / Junior Secretariat Assistant (JSA)	Typing Test	35 WPM (English)30 WPM (Hindi)	10 Minutes
Postal Assistant (PA) / Sorting Assistant (SA)	Typing Test	35 WPM (English)30 WPM (Hindi)	10 Minutes
Data Entry Operator (DEO)	Data Entry Speed Test (DEST)	8,000 Key Depressions per Hour	15 Minutes
DEO Grade 'A' (Office of the C&AG)	Data Entry Speed Test (DEST)	15,000 Key Depressions per Hour	15 Minutes

Typing Test Details

Typing Test (LDC / JSA / PA / SA)

- Typing Speed:35 WPM in English or 30 WPM in Hindi.

- Typing will be done on a computer.
- Candidates are required to type the given printed passage within the prescribed time.
- The Typing Test is qualifying in nature.

Data Entry Speed Test (DEO)

- Typing is performed on a computer.
- Speed is measured in Key Depressions per Hour (KDPH).
- Candidates are required to enter data from an English passage accurately within the allotted time.
- The test is qualifying in nature.

SSC CHSL Resolution of Tie Cases

If two or more candidates obtain the same marks in the examination, the Staff Selection Commission resolves the tie by applying the following criteria in sequence until the tie is broken.

- Total marks obtained in the Tier 2 Examination.
- Total marks obtained in the Tier 1 Examination.
- Date of Birth (Older candidate will be placed higher in merit).
- Alphabetical order of the candidate's first name.

SSC CHSL Preparation Tips 2026

A well-planned preparation strategy is essential to crack the SSC CHSL Examination. Candidates should focus on conceptual clarity, regular revision, mock tests, and effective time management throughout their preparation.

Smart Preparation Strategy

- Understand the latest SSC CHSL syllabus and exam pattern before starting preparation.
- Create a daily study timetable covering all subjects.

- Practice Quantitative Aptitude and Reasoning regularly to improve calculation speed and logical thinking.
- Read newspapers and monthly current affairs magazines every day.
- Strengthen English grammar, vocabulary, and reading comprehension through daily practice.
- Solve previous year SSC CHSL question papers to understand the latest question trends.
- Attempt full-length mock tests every week under actual exam conditions.
- Revise formulas, grammar rules, and important current affairs notes regularly.
- Improve typing speed if applying for LDC, JSA, PA, SA, or DEO posts.
- Analyze every mock test carefully and work on weak areas instead of repeatedly practicing only strong topics.

Last-Minute Preparation Tips

- ✓ Revise short notes instead of learning new topics.
- ✓ Focus on accuracy to minimize negative marking.
- ✓ Attempt easy questions first during the examination.
- ✓ Manage time effectively across all sections.
- ✓ Get adequate sleep before the exam day.
- ✓ Carry the admit card and a valid photo ID to the examination centre.

Final Advice

Success in the SSC CHSL Examination depends on consistency, disciplined practice, and smart revision. Complete the syllabus well before the examination, practice mock tests regularly, improve typing speed, and stay updated with current affairs to maximize your chances of securing a government job.

Complete Syllabus

SSC CHSL Syllabus

SSC CHSL Syllabus 2026

The SSC CHSL Syllabus 2026 is prescribed by the Staff Selection Commission (SSC) for candidates appearing in the Combined Higher Secondary Level (CHSL) Examination. The syllabus is divided into Tier 1 and Tier 2, covering subjects such as English Language, General Intelligence & Reasoning, Quantitative Aptitude, General Awareness, Mathematical Abilities, Computer Knowledge, and the Skill Test/Typing Test.

A thorough understanding of the latest SSC CHSL syllabus helps candidates prepare strategically, prioritize important topics, and improve their chances of qualifying every stage of the examination. Along with the syllabus, candidates should also understand the latest exam pattern, marking scheme, and time allocation before beginning their preparation.

SSC CHSL 2026 Syllabus – Quick Highlights

- ✓ Selection Process: Tier 1, Tier 2 & Skill/Typing Test
- ✓ Tier 1 Subjects: English, Reasoning, Quantitative Aptitude & General Awareness
- ✓ Tier 2 Subjects: Maths, Reasoning, English, General Awareness & Computer Knowledge
- ✓ Exam Mode: Computer-Based Test (CBT)
- ✓ Negative Marking: Applicable in Tier 1 & Tier 2

SSC CHSL Syllabus 2026 Overview

EXAM NAME	SSC COMBINED HIGHER SECONDARY LEVEL (CHSL) 2026
Conducting Authority	Staff Selection Commission (SSC)
Selection Process	Tier 1, Tier 2, Skill Test / Typing Test

EXAM NAME	SSC COMBINED HIGHER SECONDARY LEVEL (CHSL) 2026
Mode of Examination	Computer-Based Test (Online)
Tier 1 Subjects	English Language, General Intelligence & Reasoning, Quantitative Aptitude, General Awareness
Tier 2 Subjects	Mathematical Abilities, Reasoning & General Intelligence, English Language, General Awareness, Computer Knowledge
Total Questions	Tier 1: 100 QuestionsTier 2: 135 Questions
Total Marks	Tier 1: 200 MarksTier 2: 405 Marks
Exam Duration	Tier 1: 60 MinutesTier 2: 2 Hours 15 Minutes (excluding Skill/Typing Test)
Negative Marking	Tier 1: 0.50 MarkTier 2: 1 Mark (Applicable Sections)

SSC CHSL Syllabus PDF Download

The SSC CHSL Syllabus PDF contains the latest subject-wise topics prescribed by the Staff Selection Commission for both Tier 1 and Tier 2 examinations. Candidates should download the syllabus PDF before starting their preparation so that they can create an effective study plan and avoid spending time on topics that are not part of the examination.

Download the latest SSC CHSL Tier 1 & Tier 2 Syllabus PDF after the official notification is released.

SSC CHSL Tier 1 Exam Pattern 2026

The SSC CHSL Tier 1 Examination is the first stage of the recruitment process and is conducted in Computer-Based Test (CBT) mode. The paper consists of 100 objective-type questions carrying a total of 200 marks. Each section carries equal weightage, making it essential for candidates to prepare all subjects equally.

SECTION	SUBJECT	QUESTIONS	MARKS	DURATION
A	General Intelligence & Reasoning	25	50	60 Minutes
B	General Awareness	25	50	
C	Quantitative Aptitude	25	50	
D	English Language & Comprehension	25	50	
Total	100	200		

Tier 1 Highlights

- ✓ Computer-Based Objective Examination.
- ✓ Four Sections carrying equal weightage.
- ✓ 100 Questions for 200 Marks.
- ✓ Total Duration: 60 Minutes.
- ✓ Negative Marking: 0.50 Mark for every incorrect answer.

Note: As per recent SSC examination patterns, each section may have an individual sectional timing. Candidates should refer to the official SSC CHSL 2026 Notification for the final examination scheme.

SSC CHSL Tier 2 Exam Pattern 2026

The Tier 2 Examination is the most important stage of the SSC CHSL selection process. The final merit list is prepared primarily on the basis of candidates' performance in Tier 2, subject to qualifying the prescribed Skill Test or Typing Test.

Tier 2 consists of multiple sections covering Mathematics, Reasoning, English Language, General Awareness, Computer Knowledge, and Skill/Typing Test.

SESSION	SECTION / MODULE	SUBJECT	QUESTIONS	MARKS	DURATION
Session I	Section I (Module I)	Mathematical Abilities	30	90	1 Hour
Section I (Module II)	Reasoning & General Intelligence	30	90		
Section I Total	60	180			
Session I	Section II (Module I)	English Language & Comprehension	40	120	1 Hour
Section II (Module II)	General Awareness	20	60		
Section II Total	60	180			
Session I	Section III (Module I)	Computer Knowledge Test	15	45	15 Minutes
Session I Total	135	405	2 Hours 15 Minutes		

SSC CHSL Tier 2 Skill Test / Typing Test (Session II)

Candidates qualifying the written examination are required to appear for the Skill Test or Typing Test based on the post applied for. This stage is qualifying in nature but mandatory for final selection.

SESSION	PART	TEST	DURATION	NATURE
Session II	Part A	Skill Test for DEOs (Specified Departments)	15 Minutes	Qualifying

SESSION	PART	TEST	DURATION	NATURE
Part B	Skill Test for DEOs (Other Departments)	15 Minutes		Qualifying
Part C	Typing Test for LDC / JSA	10 Minutes		Qualifying

Preparation Strategy

Before starting your preparation, thoroughly understand the latest SSC CHSL syllabus and exam pattern. Prepare a subject-wise study plan, focus on high-weightage topics, practice previous year question papers, and attempt regular mock tests to improve both speed and accuracy.

SSC CHSL Tier 1 Syllabus

SSC CHSL Tier 1 Syllabus (Subject-wise)

The SSC CHSL Tier 1 Syllabus 2026 is designed to evaluate a candidate's logical reasoning ability, quantitative aptitude, English language proficiency, and general awareness. Since each subject carries equal weightage, candidates should prepare all four sections thoroughly to maximize their score in the Computer-Based Examination.

The Tier 1 examination consists of four subjects:

- General Intelligence & Reasoning
- English Language & Comprehension
- Quantitative Aptitude
- General Awareness

SSC CHSL Tier 1 – Quick Overview

- ✓ Total Subjects: 4
- ✓ Total Questions: 100
- ✓ Maximum Marks: 200

✓ Duration: 60 Minutes

✓ Negative Marking: 0.50 Mark for every incorrect answer.

General Intelligence & Reasoning Syllabus

The General Intelligence and Reasoning section tests a candidate's logical thinking, analytical ability, problem-solving skills, and decision-making capability. Questions are asked from both Verbal and Non-Verbal Reasoning.

TOPIC	IMPORTANT AREAS
Classification	Number, Alphabet, Figure & Word Classification
Analogy	Number, Alphabet, Figure & Semantic Analogy
Coding-Decoding	Letter Coding, Number Coding, Word Coding
Series	Number Series, Alphabet Series, Mixed Series
Matrix	Matrix Arrangement & Pattern Recognition
Word Formation	Letter Arrangement & Word Construction
Paper Folding	Paper Folding & Cutting
Venn Diagram	Logical Relationship Problems
Direction & Distance	Direction Sense Test
Blood Relations	Family Tree & Relationship Problems
Seating Arrangement	Linear & Circular Arrangement
Puzzle	Logical Puzzle Based Questions
Verbal Reasoning	Logical Statements & Decision Making

TOPIC	IMPORTANT AREAS
Non-Verbal Reasoning	Mirror Images, Embedded Figures, Pattern Completion

Practice puzzles, seating arrangements, coding-decoding, analogy, and series daily. Solving previous year SSC questions can significantly improve speed and accuracy.

English Language & Comprehension Syllabus

The English section evaluates grammar, vocabulary, comprehension skills, and language usage. Candidates should focus on grammar rules, vocabulary building, and regular reading practice.

TOPIC	IMPORTANT AREAS
Reading Comprehension	Passage-based Questions
Cloze Test	Grammar & Vocabulary Based
Error Spotting	Grammar Errors
Sentence Improvement	Correct Sentence Formation
Fill in the Blanks	Grammar & Vocabulary
One Word Substitution	Vocabulary
Idioms & Phrases	Meaning & Usage
Spellings	Correct & Incorrect Spellings
Para Jumbles	Sentence Arrangement
Synonyms & Antonyms	Vocabulary
Active & Passive Voice	Voice Conversion

TOPIC	IMPORTANT AREAS
Direct & Indirect Speech	Narration

Read English newspapers daily, revise grammar rules regularly, and practice comprehension passages to improve reading speed and accuracy.

Quantitative Aptitude Syllabus

The Quantitative Aptitude section tests candidates' mathematical concepts, calculation speed, and problem-solving ability. Questions are generally asked from Arithmetic, Algebra, Geometry, Trigonometry, and Data Interpretation.

TOPIC	IMPORTANT AREAS
Number System	Basic Number Concepts
Simplification	BODMAS, Approximation
Percentage	Percentage Calculations
Ratio & Proportion	Partnership, Mixture
Averages	Average Based Questions
Simple & Compound Interest	Interest Calculations
Profit & Loss	Discount, Marked Price
Problems on Ages	Age-based Calculations
Time & Work	Efficiency & Work Problems
Speed, Distance & Time	Boats, Trains, Relative Speed
Algebra	Basic Algebraic Expressions

TOPIC	IMPORTANT AREAS
Geometry	Lines, Angles, Triangles, Circles
Mensuration	2D & 3D Geometry
Trigonometry	Heights & Distances
Data Interpretation	Tables, Graphs, Pie Charts

Memorize important formulas, practice calculation shortcuts, and solve previous year SSC Maths questions regularly to improve accuracy and speed.

General Awareness Syllabus

The General Awareness section assesses candidates' knowledge of current affairs and important national and international events. Questions are asked from Static GK as well as current events.

TOPIC	COVERAGE
Current Affairs	National & International Events
Static General Knowledge	Important Facts & Information
History	Ancient, Medieval & Modern India
Geography	Indian & World Geography
Indian Polity	Constitution & Governance
Economics	Indian Economy & Budget
General Science	Physics, Chemistry & Biology
Culture	Indian Heritage & Culture

TOPIC	COVERAGE
Sports	National & International Sports
Books & Authors	Important Publications
Awards & Honours	National & International Awards
Government Schemes	Major Government Initiatives
Important Personalities	People in News

Read newspapers daily, revise monthly current affairs, and prepare short notes for History, Geography, Polity, Economy, and Science to score well in this section.

SSC CHSL Tier 1 Preparation Strategy

Follow these strategies for better performance:

- Understand the complete syllabus before starting preparation.
- Allocate equal time to all four subjects.
- Practice previous year SSC CHSL question papers.
- Attempt full-length mock tests every week.
- Revise important formulas, grammar rules, and current affairs regularly.
- Focus on improving speed and accuracy through timed practice.
- Analyze mistakes after every mock test and work on weak areas.

SSC CHSL Tier 2 Syllabus

SSC CHSL Tier 2 Syllabus (Subject-wise)

The SSC CHSL Tier 2 Syllabus 2026 is more comprehensive than Tier 1 and plays a crucial role in the final merit list. Tier 2 evaluates candidates' conceptual understanding, analytical ability,

language proficiency, general awareness, and computer knowledge. Candidates must also qualify the prescribed Skill Test or Typing Test, depending on the post applied for.

Unlike Tier 1, the questions in Tier 2 are generally of moderate to difficult difficulty level. Therefore, candidates should focus on conceptual clarity, regular revision, and extensive practice to maximize their scores.

SSC CHSL Tier 2 – Subjects Covered

- ✓ Mathematical Abilities
- ✓ Reasoning & General Intelligence
- ✓ English Language & Comprehension
- ✓ General Awareness
- ✓ Computer Knowledge Test
- ✓ Skill Test / Typing Test (Qualifying)

Mathematical Abilities Syllabus

The Mathematical Abilities section tests candidates' understanding of arithmetic, algebra, geometry, trigonometry, mensuration, statistics, and probability. Questions are designed to assess conceptual knowledge and problem-solving ability.

UNIT	TOPICS COVERED
Number System	Number System, Whole Numbers, Decimals, Fractions, Relationship Between Numbers
Arithmetic	Percentages, Ratio & Proportion, Square Roots, Averages, Profit & Loss, Discount, Partnership Business, Simple & Compound Interest, Time & Distance, Time & Work
Algebra	Basic Algebraic Identities, Elementary Surds, Linear Equations, Graphs of Linear Equations
Geometry	Triangles, Circles, Congruence, Similarity, Angles, Chords, Tangents, Elementary Geometrical Figures

UNIT	TOPICS COVERED
Mensuration	Triangle, Quadrilateral, Polygon, Circle, Prism, Cone, Cylinder, Sphere, Hemisphere, Pyramid
Trigonometry	Trigonometric Ratios, Complementary Angles, Heights & Distances, Standard Identities
Statistics & Probability	Mean, Median, Mode, Standard Deviation, Histogram, Pie Chart, Frequency Polygon, Probability

Strengthen your concepts before solving advanced questions. Daily formula revision and regular practice of Data Interpretation, Geometry, and Trigonometry can significantly improve your score.

Reasoning & General Intelligence Syllabus

This section evaluates candidates' logical thinking, analytical reasoning, decision-making ability, observation skills, and problem-solving capability through verbal and non-verbal reasoning questions.

IMPORTANT TOPICS

Semantic Analogy

Figural Analogy

Number & Symbolic Analogy

Classification

Semantic & Figural Classification

Number Series

Alphabet Series

IMPORTANT TOPICS

Venn Diagrams

Coding-Decoding

Critical Thinking

Drawing Inferences

Word Building

Space Orientation

Punched Hole & Folding Pattern

Embedded Figures

Numerical Operations

Logical & Analytical Reasoning

Problem Solving

Emotional Intelligence

Social Intelligence

Practice high-level reasoning questions daily and improve logical thinking through mock tests and previous year SSC question papers.

English Language & Comprehension Syllabus

The English Language section assesses grammar, vocabulary, comprehension ability, sentence formation, and language usage. Candidates should focus equally on grammar rules and reading comprehension.

IMPORTANT TOPICS

Vocabulary

Grammar

Sentence Structure

Reading Comprehension

Passage Analysis

Fill in the Blanks

Spot the Error

Sentence Improvement

Sentence Rearrangement

Idioms & Phrases

One Word Substitution

Synonyms & Antonyms

Spellings / Mis-spelt Words

Active & Passive Voice

Direct & Indirect Speech

Cloze Test

Read English newspapers daily, revise grammar rules regularly, and practice comprehension passages to improve reading speed and vocabulary.

General Awareness Syllabus

The General Awareness section evaluates candidates' knowledge of current affairs and important events related to India and the world. Questions are generally based on static GK as well as current developments.

IMPORTANT TOPICS

Current Affairs

Indian History

Indian Culture

Geography (India & World)

Indian Constitution & Polity

Economic Scene

Scientific Research

General Science

India & Its Neighbouring Countries

Important National & International Events

Read daily newspapers, revise monthly current affairs, and prepare short notes for History, Geography, Polity, Economy, and Science.

Computer Knowledge Syllabus

The Computer Knowledge Test assesses candidates' understanding of computer fundamentals, Microsoft Office, networking, cybersecurity, internet usage, and digital banking. Regular computer usage and basic technical knowledge are sufficient to score well in this section.

TOPIC	IMPORTANT AREAS
Computer Fundamentals	Computer Organization, CPU, Input Devices, Output Devices, Memory, Backup Devices, Ports, Windows Explorer, Keyboard Shortcuts
Software & Applications	Windows Operating System, System Software, Application Software, File Management, MS Office Features
Microsoft Office	MS Word, MS Excel, MS PowerPoint, Tables, Charts, Functions, Formatting, Presentations
Internet & E-mail	Web Browsing, Searching, Uploading, Downloading, Email Management, Attachments, E-Banking Services
Computer Networks	LAN, WAN, MAN, Router, Switch, Modem, Network Protocols
Cyber Security	Viruses, Worms, Trojans, Malware, Phishing, Information Security, Preventive Security Measures
Computer Security	Password Protection, Firewall, Antivirus, Safe Browsing, Data Privacy
Digital Banking	Internet Banking, Mobile Banking, UPI, NEFT, RTGS, IMPS, E-Wallets, Payment Gateways

Focus on practical computer concepts, Microsoft Office shortcuts, networking basics, cybersecurity awareness, and recent digital banking technologies.

Tier 2 Preparation Strategy

Follow these strategies to score well in Tier 2:

- Build strong conceptual clarity instead of memorizing formulas.
- Practice previous year SSC CHSL Tier 2 question papers regularly.
- Attempt full-length mock tests under exam conditions.
- Revise important Maths formulas and English grammar rules frequently.

- Read current affairs daily and revise static General Knowledge weekly.
- Practice Computer Knowledge topics using practical examples.
- Improve typing speed if applying for LDC, JSA, PA, SA, or DEO posts.
- Analyze every mock test to identify weak areas and improve accuracy.

Remember

Tier 2 carries the highest weightage in the SSC CHSL selection process. Consistent revision, conceptual understanding, regular mock tests, and effective time management are the key factors for achieving a high score and securing a place in the final merit list.
